Hydrosystems Lab 2517

Turning the System On

- Press the [POWER] button on the projector remote or TV remote.

Using a Laptop with Projector

- Connect your laptop to the end of the VGA cable that is not connected to the input panel.
- Select the [INPUT] button on the projector remote and select the appropriate input.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.

Using a Laptop with TV

- Connect your laptop to the end of the VGA cable that is not connected to the TV.
- Select the [INPUT] button on the TV remote to choose the appropriate input channel.

Note: Depending on your laptop model, you may need an adapter. Adapters can be borrowed on short term loan (4hrs.) from an Engineering IT Help Desk.

Turning the System Off

- Press the [POWER] button on the projector remote or the TV remote.
- The projector will take a minute or two to cool off and shutdown.
