

ATREL Conference Room (109)

Turning the Display On

- Press the **Power** button once.

Note: The display starts up into the built-in OS.

Using the built-in White Board

- Navigate to the built-in OS's homepage by pressing **Home** on the display or remote.
- Press the White board icon on the homepage and begin using the white board features.

Using the Conference PC

- Ensure that the conference PC is powered on.
- From the built-in OS homepage, select the **HDMI 3** pane to allow the conference PC to use the display.
- You may also use the **Source** buttons to select **HDMI 3** manually.

Note: A whiteboard program is also available on the conference PC. The name of the program is **IdeaMax and a link may be found on the desktop.**

Turning the System Off

- Press the **Power** button once.
